Seeing Voices

Oliver SACKS

Imaginative and insightful, *Seeing Voices* offers a way into a world that is, for many people, alien and unfamiliar – for to be profoundly deaf is not just to live in a world of silence, but also to live in a world where the visual is paramount. In this remarkable book, Oliver Sacks explores the consequences of this, including the different ways in which the deaf and the hearing learn to categorise their respective worlds – and how they convey and communicate those experiences to others.
