Amazing Babies

Moving in the First Year 2006

AMAZING BABIES® Moving in the First Year

Documented and narrated by Beverly Stokes, this video is grouped into pre-locomotion and locomotion sections to enhance the viewer's observation skills and understanding of the natural progression of the baby's movement development, preverbal communication, and play interactions.

Beverly Stokes, BMC, CMA, is a Registered Somatic Movement Educator, and Founder/Director of the Center for Experiential Learning established in 1985. She is the author of the book *AMAZING BABIES®: Essential Movement for Your Baby in the First Year*, based on her classic video: *AMAZING BABIES®: Moving in the First Year*. The second video in this Movement Series is *AMAZING TODDLERS™: Moving • Communicating • Learning Age 1*. A Body-Mind Centering® Teacher and Certified Movement Analyst, she is core faculty for the Laban/Bartenieff and Somatic Studies Canada Certification Program. Beverly leads Developmental Movement Programs throughout the United States and Canada.
